

**Chelan-Douglas Health District  
Farmers Market Umbrella Permit Requirements  
For Fresh Tree Fruit Sampling**

- I. **Assurance and oversight:** The Farmers Market on-site manager or responsible person will:
- Meet with all vendors, perform regular assessment visits to each site providing fresh tree fruit samples;
  - Provide guidance documents to the vendors promoting food safety (Chelan-Douglas Health District Fresh Tree Fruit Sampling Health & Safety Guidelines);
  - Provide guidance documents and signage to the public promoting food safety (supplied by Chelan-Douglas Health District);
  - Provide regular updates to the Health District; and
  - Obtain a valid Food Workers Card from the Health District
- II. **Compliance:** The Farmers Market on-site manager or responsible person will ensure that all vendors comply with the guidelines established by the Chelan-Douglas Health District, currently known as “Fresh Tree Fruit Sampling Health & Safety Guidelines,” and any subsequent revisions. The Farmers Market on-site manager will further address non-compliance by (in sequential order):
- educating vendors on how to meet food safety issues;
  - prohibiting vendors from serving samples, if they are unable or unwilling to comply with food safety guidelines; and
  - prohibiting non-compliant vendors from renting space or otherwise selling at the farmers market if they do not discontinue serving samples.
